

## CT60 Selection Guide

DEVICE MODEL	CT60 – SKUs				
SCANNING ENGINE	N6603SR	N6603SR (NI)	N6603SR (ATEX)	N6703SR	N6703HD
BATTERY WARM SWAP	✗	✗	✗	✓	✓
GORILLA GLASS®	3	3	3	5	5
CIRCULAR POLARIZATION FILTER	✗	✗	✗	✓	✓
SKUs DIFFERENCE	CT60-LXX-XSXXX0X	CT60-LXX-BSXXX1F	CT60-LXX-BSXXX1E	CT60-LXX-XRXXX0X	CT60-LXX-XDXXX0X
SKUs DESCRIPTION KEYWORD	–	Includes “NI”	Includes “ATEX”	Includes “warm swap”	Includes “warm swap”
MEMORY RAM	3 GB/4 GB	4 GB	4 GB	3 GB/4 GB	3 GB/4 GB

CT60 N6603SR Scanner	CT60 ATEX/NI N6603SR Scanner	CT60 N6703SR Scanner	CT60 N6703HD Scanner
Fast scanning and data capture	Fast scanning and data capture	Faster scanning and data capture	Fast scanning and data capture for high-density scanning applications (TPD*)
Warehouse, Field Mobility, Retail, Manufacturing	Hazardous, Incendive Areas	Warehouse, Field Mobility, Retail, Manufacturing	Retail, Manufacturing
Gorilla Glass 3	Gorilla Glass 3	Gorilla Glass 5	Gorilla Glass 5
Battery power to last an entire shift, for high productivity	Battery power to last an entire shift, for high productivity	Battery power and warm swap to last multiple shifts, for higher productivity	Battery power and warm swap to last multiple shifts, for higher productivity

The CT60 product line meets a broad range of application and workflow environment needs using a variety of scanners and features.

- For fast scanning and data capture, full-shift power, in warehouse, field mobility, retail, or manufacturing environments, choose the CT60 with the field-proven N6603SR scanner fitted with a touchscreen covered with Gorilla Glass 3.
- For higher scanning performance, battery warm swap for power through multiple shifts, fitted with a touchscreen covered with high scratch-resistance Gorilla Glass 5, in the same environments, choose the CT60 with N6703SR.
- For challenging applications, when high-density barcodes (such as TPD\* requirements) are used, in retail or manufacturing environments, choose the CT60 with the N6703HD high-performance scanner, which comes fitted with battery warm swap and Gorilla Glass 5.
